

Splunk Expands Presence Across the Bay Area

September 11, 2018

Expanded Innovation Hubs in San Francisco and San Jose Enable Significant Growth in Global Technology Capital

SAN FRANCISCO--(BUSINESS WIRE)--Sep. 11, 2018-- [Splunk Inc.](#) (NASDAQ: SPLK), first in delivering “aha” moments from machine data, today announced that the company has entered new lease agreements at 250 Brannan Street in San Francisco, and 700 Santana Row in San Jose, nearly doubling Splunk’s already significant footprint in the Bay Area. Driven by the rapid digitization of organizations, alongside the company’s accelerated growth in IT, Security and IoT, the new office expansions will allow for over 2,000 additional employees, solidifying Splunk’s place as one of the largest and fastest growing employers in the San Francisco Bay Area.

“As Splunk continues to grow and hire across the company, it is critical we provide our employees the best possible work environment,” said Doug Merritt, President and CEO, Splunk. “We’re thrilled to continue our expansion in San Francisco and San Jose and proud to be bringing many jobs to the Bay Area.”

As Splunk’s market opportunity has grown over the years, so has its presence in its home base of San Francisco. Splunk called 250 Brannan Street in San Francisco home for many years before moving into a new headquarters building next door at 270 Brannan. Splunk’s expansion into 250 Brannan will return the company to its roots and provide a large urban campus with 270 Brannan.

In 2016, Splunk expanded its Bay Area space by opening up a new, state-of-the-art facility at 500 Santana Row in San Jose. Splunk’s expansion to 700 Santana Row, through its partner Federal Realty, will create Splunk’s largest campus in the world at over 500,000 square feet.

Splunk has a wide range of market-leading benefits and programs for its employees, including:

- **Diversity & Inclusion Communities:** Pride@Splunk, Women@Splunk, Veterans@Splunk and LatinX@Splunk help us drive change at the grassroots level and offer our Splunkers support, mentoring and networking opportunities.
- **Extended U.S. Maternity and Paternity Time:** Fostering an inclusive workplace means valuing all parents – no matter their gender or sexual orientation. New moms and dads at Splunk receive 20 fully-paid weeks of maternity and paternity, including births, adoptions and placements of foster children.
- **Volunteer Time Off:** Every Splunk employee around the world receives three days off every year to volunteer to worthy causes through its philanthropic arm Splunk4Good.
- **Military Reservist Time Off:** Splunk has a proud history of supporting veterans and military service members. Splunk provides ten paid days every year for employees who have mandatory, annual training requirements to maintain readiness for military duty.

Splunk is focused on bringing innovative new products to market and will announce the latest of these at [.conf18](#), the annual Splunk conference, which will take place from October 1-4, 2018, at the Walt Disney World Swan and Dolphin Resort in Orlando, Florida.
